

FURMINT URBAN SELECTION 2022

The red clay and quartz-rich rhyolite soil of the Urbán vineyard keeps the roots warm, and the stone terraces carved into the hillside create small worlds of their own. Its wines are concentrated and deeply layered — a taut structure with a soft-spoken but profound flavour profile.

Here, Furmint shows an elegant, rounder side of its mineral character, enriched further by the vineyard's deep natural complexity.

As the wine opens in the glass, the landscape behind it seems to unfold as well.

TECHNICAL DATA

- Dryness/style: dry
- Packaging: 750 ml
- Residual sugar content: 2,4 g/l
- Alcohol content: 13,5 %
- Acid content: 5,9 g/l
- Winemaking: after hand harvesting in small crates, immediate processing, fermentation in steel tanks, 9 months aging in used barrels
- Bottling date: September 2023
- Market launch date: November 2025

VITOLOGICAL DATA

- Grape variety: Furmint
- Production area: Tokaj Wine Region, Mád, Urban vineyard
- Plantation age: 50 years
- Cultivation method: medium height cordon
- Harvest date: September 2022
